THE MISSION

PELICAN™ SPACECASE™

When your gear matters, trust the name that's built to protect it. The Australian made Pelican™ Spacecase™ Series is engineered for the world's toughest conditions - whether you're on the road, in the air, or off the grid. Made from UV-stabilised polyethylene and designed with impact-resistant, modular construction, Spacecase™ storage solutions keep your equipment secure, organised, and mission-ready.

From defence and emergency services to industrial and adventure use, these stackable, weather-resistant cases are the ultimate solution for safe storage and transport.

Pelican has been locally manufacturing high-performance case, specially designed to meet the demanding requirements of the Industrial, Commercial and Consumer markets for over 45 years.

Pelican Spacecase™ containers are made from UV-stabilised polyethylene and are resistant to dust, oil, chemicals, and water. Built tough, they're proudly designed and made in Australia, with interlocking ribs for secure, non-slip stacking.

Pelican Spacecase™ comes with a 5-year warranty, reflecting our commitment to durability and quality in the toughest environments.
